DOWNTOWN ALBANY NY

NYS Museum on Madison Avenue (no charge, donation in glass box) has beautiful permanent exhibits on its first floor, and a few rotating ones in its northwestern & southeastern corners. The Carousel on the 4th floor is a kids favorite (no charge, suggested \$1) and there's a café up there with a nice view where you can eat (your own) lunch or buy a drink. In recent years they've increased Family-Days & theme programs on weekends, all at no charge. The **Empire State Plaza Concourse** is a giant underground marble walkway which begins across the street from the State Museum on Madison and ends at the NYS Capitol. Colorful and unique modern art and sculptures line the broad walkway (think indoor walks on rainy days) with cafeterias, kiosks, and info booths, plus occasional markets and festivals. The **NYS Capitol** is a majestic grand building, tours are available, or just take a walk around yourself. If the weather is nice, there's the **Wooden Park** on the southeastern corner of the Plaza above with unique giant wooden block structures (some are climbable). Also the **Corning Tower** has a free 42-story view on a clear day. **Corning Preserve** is downtown at Albany's Hudson Riverfront with bike trails (stroller-friendly) up and down the Hudson, a playground, landscaped amphitheater, and the beautiful pedestrian bridge spanning over the 787, connecting to Broadway. Kids enjoy watching boats go by, and the train bridge turn open to allow larger boats to pass, if it happens while you're down there. And if the kids haven't seen it yet, drive down Broadway and up Loudonville Road towards North Pearl for a good view of **Nipper the RCA dog** atop the Arnoff building.

INDOOR IDEAS

FOR A RAINY DAY OR WINTERTIME

INTERESTING STORES Some stores can be fun places to visit, even without shopping.

Pet Shop: Hold a puppy, watch the exotic fish.

Barnes & Nobles: Now new at Colonie Center.

10,000 Villages: Small shop in Stuyvesant Plaza has exotic crafts from developing countries all over the world. Not a great idea for small kids.

Antique Shops: Have each kid (mentally) choose three different old items to include in a short imaginative story when they get home.

At Wits End: Its giant toy soldiers are visible from the Northway in Clifton Park, with several rooms of little tschatskes, unusual gifts and seasonal stuff. Lots of fragile items.

Huck Finn's: Mega furniture store in downtown Albany (visible from the 787) with plenty of room to walk around. Try the elevator, school-bus and even the porch swings. Oh, check out Nipper the Dog atop Arnoff Moving & Storage on Broadway while in the neighborhood.

TEMP TOYS

Any **Dollar Store** has an assortment of cheap toys which won't last long but can keep kids busy for an afternoon, first by picking and choosing something and then by playing with it. **Party Warehouse** on Fuller Road has a wall of Party Favors (look behind the clown with the black hat and coat). BTW—buy a colored plastic tablecloth and coordinated balloons to jazz up a dinner meal. An make-believe hat is fun, too.

BEADING CRAFT SHOPS

Saratoga Beads on Henry Street is a favorite spot to creatively bead and now there's also Bumble-Beads in Latham, near Hoffman's Playland.

MUSEUM VACATION EVENTS

Many museums have special programs (check price and RSVP info) during school breaks and on weekends - at NY State Museum, CMOST in Troy, Albany Institute of History & Art, Schenectady Museum and more...

ICE-SKATING DURING THE WINTER

Albany's **Swinbourne Park** rents skates for \$2 each and it's 50 cents to get out on the well-maintained semi-outdoor ice skating rink.

LONG INDOOR WALK

Any mall is good for an walk/exercise out of the cold. **Empire State Plaza Concourse**, which runs underground between the State Museum and the Capitol, has huge abstract art lining its huge marble walls, and cafeterias to stop for a drink. There's an indoor winter farmers market at the underground bus-turn on Wednesdays 10am-2pm. **Colonie Center** is now newly renovated with comfortable lounge areas. **Latham Circle** is a quieter spot, no crowds, shorter stretches.

ZOOS

Aside for animals at local farms there are several zoos and game farms within an hour and a half drive. **Ashville Game Farm** (695-4337) in Greenwich is a small zoo run by a family and friends, with big cats, monkeys & bears and more in a small well-kept area, open in the summer-time. Peacocks roam the place, and the staff is close with the animals. **Utica Zoo** (315-738-0472) is a city zoo open all year about 90 miles west on the 90, with long stroller-friendly walkways to see camels, monkeys, sea-lions, snakes and more. **Adirondack Animal Land** (883-5748) is open mid-May thru Labor Day near the Great Sacandaga Lake in Fulton County. COUNTY FAIRS

Summertime brings county fairs with farm animal exhibits and shows, crafts and vendors, petting zoos, circus and magic shows, rural flavor and much more - quite a few are in close driving distance. Most used to be free admission for kids, some still have free or reduced rates. Each fair has a website for more info. **Altamont Fair** (usually mid-August) is a 3-county fair, down Route 146 in Albany County with several permanent historic museum buildings as well as barns for ponies, horses, goats and sheep and cows. All shows are included in admission, Midway rides cost extra. Plus there's the **Sunshine Fair** (early August) in Cobleskill in Schoharie County, free under 13. Going west past Amsterdam on the 90 is the **Fonda Fair** (end of August) and (also at the end of August) there's the **Columbia County Fair** in Chatham.

LIBRARIES

A public library is always a good spot to get out of the house and out of the heat, cold or rain, and find something good to read. Try a different library for a change. All libraries in the UHLS system (Albany and Rensselaer counties) accept each other's library cards and books can be borrowed at one and returned at another. Not all

libraries look the same, and they often specialize in different book collections. Troy's Main Library has old-style architecture and a century-old glass floor, East-Greenbush has a great collection of Babysitter Club and Berenstain Bears. Bethlehem, Colonie and Guilderland all have excellent children's libraries. Albany's Main Branch on Washington is multi-story, the Western Ave Pine Hills branch has great kids books. The Altamont Library is small, but will have great character once it moves into the old rail-station across the street. The SALS/MVLS covers from Fulton and Schenectady counties all the way up to Warren and Hamilton Counties, including the major libraries in Clifton Park and Saratoga. Saratoga Springs has one of the most active libraries, just off Broadway on Henry Street. The Clifton-Park Halfmoon Library on Moe Road off Rt 146 was built in 2006 as a LEED certified Green Building.
